Capitalism For The People By

"In A Capitalism for the People, Luigi Zingales joins the small but influential group of economists who see that America's economy is now more and more corporatist, less and less capitalist. His impressive account of our downhill slide is enriched by his deep knowledge of the harm wrought by the worst excesses of Italian crony capitalism.

A Capitalism for the People: Recapturing the Lost Genius of American Prosperity is a non-fiction book by the Italian-American writer and economist Luigi Zingales, who is known for serving as a Professor of Entrepreneurship and Finance at the University of Chicago 's Booth School of Business.

A Capitalism for the People - Wikipedia

In A Capitalism for the People, Zingales makes a forceful, philosophical, and at times personal argument that the roots of American capitalism are dying, and that the result is a drift toward the more corrupt systems found throughout Europe and much of the rest of the world. American capitalism, according to Zingales, grew in a unique incubator that provided it with a distinct flavor of competitiveness, a meritocratic nature that fostered trust in markets and a faith in mobility.

Decrease state capitalism and crony capitalism and increase free market capitalism. The concern is that that gap has grown as large as it has and that it will move from a gap to a barrier.

The Case for Capitalism - Reason.com

The problem is, I think that most people equate capitalism with laissez faire capitalism, where government allows private industry to do more or less whatever it pleases. As Keynes has shown, laissez faire capitalism does not always work.. Along with the notion of laissez faire capitalism is the notion that government = monopoly = inefficient, while free markets = efficient.
