Definition of Payment for Insurance. A company's property insurance, liability insurance, business interruption insurance, etc. often covers a one-year period with the cost (insurance premiums) paid in advance. The one-year period for the insurance rarely coincides with the company's accounting year. Therefore, the insurance payments will likely involve more than one annual financial statement and many interim financial statements.

How do you record a payment for insurance? | AccountingCoach

Associate in Insurance Accounting and Finance (AIAF™) Learn the practices, principles, and procedures used to prepare insurer financial statements by earning your AIAF designation.
