Judaism intersects with environmentalism on many levels. The natural world plays a central role in Jewish law, literature, and liturgical and other practices. Within the diverse arena of Jewish thought, beliefs vary widely about the human relation to the environment, resulting in a notable history of Jewish environmental thought and activism.

Judaism and environmentalism - Wikipedia

Thus, Judaism’s worldview is theocentric not anthropocentric. The environmental implications are that humans must realize that they do not have unrestricted freedom to misuse Creation, as it does not belong to them. Everything we own, everything we use ultimately belongs to God. Even our own selves belong to God.

10 Teachings on Judaism and the Environment | HuffPost

Understanding the source of our soul and its eternal essence. One of the foundations of our faith is the belief in the immortality of the soul, and in life after death. If one believes in God's justice, one must also believe in the immortality of the soul. How can we otherwise reconcile the fact that many righteous individuals suffer in this life?
